## The Campaign for Castle Hill

**Why:** This event will raise funds and awareness for our exciting Capital Campaign to purchase the last privately owned building on the Castle Hill campus. At the same time, we will honor our friends who have made a difference at Castle Hill.

## Quality for 40 years. Space for 40 more.

We are nearly halfway to our year-end goal of \$800,000 in Capital Campaign purchase and improvement costs. The new facility will enable Castle Hill to host new workshops in such areas as painting, drawing, digital arts and writing; house 24 more faculty
